Dear My,

It has been a while since the last time you visited us in 2012, how business and life treating you? Hope everything goes well over there. I talked to a friend and he said you are going to the States on a business trip coming February.

Will you be able to come to Canada to visit us before or after the trip? We would like to meet you and your son again. If so, you could stay at our house in Mississauga, I'll drive you around to show you city of Toronto and some of the famous scenery in Canada in our area.

Also, if you want to come, you will need to apply for a temporary visa to Canada. You could attach this letter as the invitation letter from us in your application package. And hopefully you will be granted one.

We hope to see you soon.

Your best friend
